National ABLE Account Data

Statistics provided by the National Association of State Treasurers (NAST)

Q3 | 2022

131,487 \$1.1 Billion

ABLE Accounts Assets Under Management

\$8,619 Average Account Balance

In 2014, Congress passed the Achieving a Better Life Experience (**ABLE**) Act, creating a savings, investment, and spending account specifically for people with disabilities.

ABLE accounts allow people with disabilities to save money that is not counted towards asset limitations set by means-tested benefit programs such as SSI or Medicaid.

The NAST ABLE today initiative is a national leader in supporting ABLE account awareness and engagement directly with the disability community.
